INDEX GUIDE

This index provides a detailed analysis of legislative debates conducted in English or French as spoken by the participants. Translations are not provided in either language.

Hansard issues and pages are numbered according to session. A list of issues, dates and page numbers for the third session (35th Parliament) follows on page 2.

Entries are cross-referenced and alphabetically arranged in two sections, the Subject Index and the Speaker Index:

Subject Index—The main entry in this section is a subject heading which may be followed by: secondary headings, “*see*” references, or a listing of members who spoke on the subject. Subject headings that require neither secondary headings nor speakers (e.g. Members inducted, Members named) are followed by page numbers only. Typical entries in the Subject Index appear as follows:

Speaker’s rulings/statements

Independent members 485-6; Legislative procedures/rules 172-3.

Photo radar

see **Speed limits/enforcement.**

Social contract/negotiations

Bradley 5655-6; Lankin 49-50.

Members inducted

7, 4949, 5359.

Speaker Index—The main entry in this section is a member’s name, followed by a listing of subject(s) spoken on by that member.

This index also includes **lists of bills** introduced during this session as well as bills carried over from the previous session. Bills are listed alphabetically and numerically with a chronology of their stages of development.

Further information may be obtained by contacting the Hansard Reporting Service indexing staff at 416-325-7411 or 325-3708; FAX 416-325-7430.

GUIDE DE L’USAGER

Cet index croisé présente une analyse détaillée des débats législatifs en anglais ou en français selon la langue parlée par les participants.

Les fascicules Hansard et les pages seront numérotés selon la session au lieu de l’année civile. Le bilan des fascicules, des dates et des pages de la troisième session, soit la 35^e législature, figure à la page 4.

Les entrées d’index sont inscrites dans un ordre alphabétique sous deux rubriques, l’index des sujets (et) l’index des intervenants :

L’index des sujets : l’entrée principale sous cette rubrique est un descripteur qui peut être suivi par des sous-titres, des références à d’autres sujets ou des noms des intervenants, tels que :

Contrat social

Poirier 1499, 1766, 1859, 2267

Déclarations ministérielles

Économie d’énergie

Gigantes 2399

Gérance des écoles de langue française

voir **Éducation en français**

Certains descripteurs, comme par exemple l’ajournement du débat ou l’appel du quorum (dans l’index de langue anglaise), n’exigent ni sous-titres ni noms d’intervenants et sont simplement suivis d’une référence de page.

L’index des intervenants : le nom de l’intervenant suivi par une liste de sujets sur lesquels il ou elle s’est prononcé(e) est la principale entrée sous cette rubrique.

L’index contient aussi, par ordre alphabétique et numérique et avec une chronologie des étapes de lecture, une **liste des projets de loi** présentés au cours de la présente session et d’anciens projets de loi qui restent encore à passer aux étapes de lecture.
